Index to Volume 50, 1996

Authors

Andres, FF: see Drowatzky, KL, *Summer*, p. 36; see Walter, J, *Summer*, P. 40

Bolger, JP: Neuropsychological assessment of the elderly: implications for rehabilitation. *Summer*, p. 46 (Abstract only)

Brown, E.: see Walter, J, *Summer*, p. 40

Comaster, P: see Weber, RC, *Summer*, p. 28

Croce, RV: Comparison of absolute and relative peak torque and hamstring/quadriceps peak torque ratios in young men and boys. *Fall*, p. 52

Di Brezzo, R: Q angle: the relationship with selected dynamic performance variables in women. *Fall*, p. 66

Dongeni, J: Overview of childhood musculoskeletal conditions with a special emphasis on spondylolysis. *Summer*, p. 46 (Abstract only)

Drowatzky, KL: Comparison of the Rockport Walking and Cooper Walk-Run fitness tests, *Summer*, p. 36

Drowatzky, KL: The effects of bracing and exercise on scoliosis: a case study. *Winter*, P. 94

Figoni, SF: see Walter, J, *Summer*, P. 40

Fort, IL: See Di Brezzo, R, *Fall*, p. 66

Frenkl, R: see Szabo, A, *Fall*, p. 58

Greninger, LO: Pediatric sports conditioning programs. *Summer*, P. 47 (Abstract only)

Hall, K: See Di Brezzo, R, *Fall*, p. 66

Horvat, M: see Croce, RV, *Fall*, p. 52

Marks, R: Position sense perception at the knee in healthy persons and persons with chronic degenerative arthritis. *Winter*, P. 76

Miller, J: see Croce, RV, *Fall*, p. 52

Moore, W: see Porretta, DL, *Winter*, P. 76

Pitetti, KH: see Croce, RV, *Fall*, p. 52

Porretta, DL: A review of sport psychology research for individuals with disabilities: implications for future inquiry. *Winter*, p. 83

Quinney, AH: see Marks, R, *Winter*, p. 76

Springer, P: see Weber, RC, *Summer*, p. 28

Szabo, A: Consideration on internet: guidelines and implications for human movement studies, *Fall*, p. 58

Tenes, AG: Validation and reliability testing of the Reciprocal Movement Arm Ergometer (RMAE). *Spring*, p.4

Tenes, AG, Comparison of psysiologic responses between two upper body ergometers. *Spring*, p. 10

Turner, RL: a comparative analysis of the effects of a 12-week exercise program on the MET levels of anterior versus inferior myocardial infarct patients. *Spring*, p. 17

Walter, J: Training intensity and duration in flexibility, *Summer*, p. 40

Weber, RC: Kinematic analysis of the gait of a male with Apert Syndrome, *Summer*, p. 28

Woods, DA: see Drowatzky, KL, *Winter*, p. 94

Subjects

Aerobic Exercise
and MET levels of myocardial infarct patients. *Spring*, p. 17
comparison of Rockport Walking and Cooper Walk-run tests. *Summer*, p. 36.

Apert syndrome
kinematic analysis of gait. *Summer*, p. 28

Arthritis
position sense at the knee and chronic degenerative arthritis. *Winter*, p. 76

Bracing
effects of exercise on scoliosis. *Winter*, p. 94

Cardiac Therapy Program
effects of aerobic exercise on MET levels of myocardial infarct patients, *Spring*, p. 17

Case study
effects of bracing and exercise on scoliosis. *Winter*, p. 94

Children
childhood musculoskeletal conditions. *Summer*, p. 46 (Abstract only)
comparison of peak torque and torque ratios. *Fall*, p. 52
sports conditioning programs. *Summer*, p. 47 (Abstract only)

Disability
review of sport psychology research for. *Winter*, p. 83

Dynamic Performance
relationship to Q angle in women. *Fall*, p. 66

Elderly
neuropsychological assessment, *Summer*, p. 46 (Abstract only)

Ergometers
reliability and validity of the Reciprocal Movement Arm Ergometer (RMAE). *Spring*, p. 4
comparison of two upper body ergometers. *Spring*, p. 10

Ethics
and research on the Internet. *Fall*, p. 58

Exercise
effects with bracing and scoliosis. *Winter*, p. 94

Flexibility
training intensity and duration, *Summer*, p. 40

Weber, RC: Kinematic analysis of the gait of a male with Apert Syndrome, *Summer*, p. 28

Woods, DA: see Drowatzky, KL, *Winter*, p. 94

Subjects

Aerobic Exercise
and MET levels of myocardial infarct patients. *Spring*, p. 17
comparison of Rockport Walking and Cooper Walk-run tests. *Summer*, p. 36.

Apert syndrome
kinematic analysis of gait. *Summer*, p. 28

Arthritis
position sense at the knee and chronic degenerative arthritis. *Winter*, p. 76

Bracing
effects of exercise on scoliosis. *Winter*, p. 94

Cardiac Therapy Program
effects of aerobic exercise on MET levels of myocardial infarct patients, *Spring*, p. 17

Case study
effects of bracing and exercise on scoliosis. *Winter*, p. 94

Children
childhood musculoskeletal conditions. *Summer*, p. 46 (Abstract only)
comparison of peak torque and torque ratios. *Fall*, p. 52
sports conditioning programs. *Summer*, p. 47 (Abstract only)

Disability
review of sport psychology research for. *Winter*, p. 83

Dynamic Performance
relationship to Q angle in women. *Fall*, p. 66

Elderly
neuropsychological assessment, *Summer*, p. 46 (Abstract only)

Ergometers
reliability and validity of the Reciprocal Movement Arm Ergometer (RMAE). *Spring*, p. 4
comparison of two upper body ergometers. *Spring*, p. 10

Ethics
and research on the Internet. *Fall*, p. 58

Exercise
effects with bracing and scoliosis. *Winter*, p. 94

Flexibility
training intensity and duration, *Summer*, p. 40

UMI

SHOULD READ INDEX VOLUME 50 (1996/97)

Gait
gait of male with Apert syndrome, *Summer*, p. 28

Internet
research on. *Fall*, p. 58

Kinematic Analysis
kinematic analysis of gait, *Summer*, p. 28

Knee joint
position sense and chronic degenerative arthritis. *Winter*, P. 76

Muscle Torque
hamstring/quadriceps in young men and boys. *Fall*, p. 52

Physiologic Responses
comparison of two upper body ergometers. *Spring*, p. 10

Position sense
at knee in healthy persons and persons with chronic degenerative arthritis. *Winter*, p. 76

Q angle
relationship with dynamic performance in women. *Fall*, p. 66

Research
guidelines and implications of on the internet. *Fall*. P. 58
review of literature for individuals with disabilities. *Winter*, p. 83

Scoliosis
effects of bracing and exercise on. *Winter*, p. 94

Sport Psychology
review of literature for individuals with disabilities. *Winter*, p. 83

Strength
comparison of peak torque and torque rations in men and boys. *Fall*, p. 52
